

COMMERCIAL ACTIVITIES

22. Indian commercial activities have increased since the opening of Myanmar economy and beginning of economic reforms in 2011. With the support of the Embassy, several business interactions, exhibitions, B-2-B etc are organized during the visit of business delegations and business chambers from India. At the institutional level, Confederation of Indian Industry (CII) has developed links with the Union of Myanmar Federation of Chambers of Commerce and Industry (UMFCCI). CII and NASSCOM have linkages with the Myanmar Computer Federation (MCF) since 2004. UMFCCI also has an understanding of cooperation with the Bengal Chambers of Commerce and Industry (BCCI). North East India Federation of Investment and Trade signed an MoU with UMFCCI in July 2009 on bilateral Trade. The President of the Southern Indian Chambers of Commerce (SICCI) led a high level delegation to Myanmar in early 2017 and signed agreement for cooperation with the UMFCCI and also established relations with business chambers in Mandalay. Enterprise India shows and India product shows are organized regularly in Myanmar. Under guidance of the Ambassador, a bilateral India Myanmar Chamber of Commerce (IMCC) was set up in March 2017 which has since assumed its role as the first port of call for Indian companies exploring business opportunities in Myanmar market. The Embassy in association with IMCC has also been holding regular knowledge sharing program on various topics.
