

**Embassy of India
Yangon

Press Release

As a contribution towards Myanmar's fight against Covid pandemic, Ambassador of India today handed over to Dr. Zaw Than Tun, Director General, Department of Medical Services the second consignment of medical assistance from the Government of India. The total medical assistance (medical devices & equipment, medicines, oxygen plant and tank etc.) is valued at USD 1.5 million. It may be noted that India had contributed to Myanmar's fight against Covid during its second wave also by providing medical assistance. Recently, the Embassy along with Indian Women's Association of Yangon donated medicines and medical devices through local bodies for 130 villages in Bago region. Additional consignments of above mentioned medical assistance will be reaching shortly.
